Cardiff Partnership Feedback Questionnaire

We are now approaching the one year anniversary of Cardiff’s integrated partnership arrangements, which provides an opportunity to reflect on the model’s successes and identify areas for improvement. Cardiff is the first area in Wales to have rationalised its partnership structures and following the publication of Welsh Government’s ‘Shared Purpose-Shared Delivery’, which directs all areas to follow the approach, could be described as ‘ahead of the game’.

However, in the interests of the continual improvement, we need your views. We would therefore be grateful if you could spend 5 minutes of your time filling in this short questionnaire. The results will be used to inform the ongoing development of partnership working in the city, so we can ensure we are delivering real outcomes and value for money.
