SOUTH WALES POLICE & CRIME REDUCTION PLAN 2016-21

EXECUTIVE SUMMARY
South Wales is one of the safest areas in the United Kingdom to live, work and visit, somewhere that people can confidently enjoy spending time with family and friends.

As Commissioner and Chief Constable, our shared principles and values set the standard – to be the best at understanding and responding to the needs of all our communities. That means listening to them, protecting the vulnerable and improving victim satisfaction.

The challenges ahead make us even more determined to stay focused on this vision, with a new emphasis on early intervention and prompt, positive action. Our aim is to work with partners to ensure that people get the support they need, when they need it, and to prevent people from becoming either victims of crime or offenders.

Early intervention is at the heart of building healthy, happy and safe communities, reducing demand on all our public services.

Our achievements to date have created a strong foundation on which to build but we acknowledge that we must always strive to improve our service and respond effectively to new demands. The South Wales Police & Crime Reduction Plan is the basis for our response and will ensure that we continue to deliver excellence to the communities of South Wales.

South Wales Police and Crime Commissioner

Peter Vaughan QPM  
Chief Constable
The future is always uncertain but these are the principles that will keep us on track as we continue our journey towards an even safer South Wales:

- Preventing crime, supporting safe and confident communities, is the first responsibility of the police.
- Public services must shrink together not shrink apart, with a focus on sustainable services.
- Crime trends and root causes must be swiftly identified and addressed.
- The issues faced by our communities need early interventions and prompt, positive action based on evidence and developed in partnership.
- We must work together towards the wellbeing of future generations offering the support people need, when they need it.

The full details of the mission, vision, values and principles are available in the full Police & Crime Reduction Plan at southwalescommissioner.wales.
WE HAVE DONE MUCH OF WHAT WE SET OUT TO DO IN THE FIRST POLICE & CRIME REDUCTION PLAN, PLACING US IN A STRONG POSITION TO FACE THE CHALLENGES AHEAD, WHILE ACKNOWLEDGING THAT THERE IS A GREAT DISTANCE STILL TO TRAVEL.

These are just a few of the achievements the Commissioner and Chief Constable have delivered together with their teams and with partners so far:

**Keeping a focus on victims of crime**

We’ve moved from being one of the worst performing forces for victim satisfaction to one of the top forces in England & Wales. This is a direct result of listening to people who’ve experienced crime, placing victims at the heart of all we do. We’ve changed the way we record crime to reflect this and we’ll be delivering further improvements to services for victims.

**Protecting vulnerable people**

We’ve reviewed the on-going work in South Wales to address child sexual exploitation, resulting in a partnership action plan to help keep all our children safe from online grooming and other forms of abuse. We are supporting victims of crimes targeted because of their race, gender or sexual orientation. We are helping older people to feel safe by tackling the growing issue of scams, including online crime by embedding advice from Get Safe Online on our website.

**Tackling violence against women and girls**

Identifying domestic abuse at the earliest opportunity is key to keeping people safe. We’ve successfully worked with health and other partners to improve information sharing and to train professionals to know what to look for and how to respond so victims get the services they need. We’ve developed ground-breaking new training for police officers, GPs and Universities, drawing on the experiences of survivors to inform our work.

**Using technology in the fight against crime**

We’re revolutionising policing through technology. Programme Fusion is a collaborative venture between South Wales and Gwent Police, helping both forces cut crime, reduce costs, and provide an effective, efficient police service by ensuring our officers are using the latest technology, giving them the information they need, when they need it.
Delivering a more efficient Criminal Justice System

We’ve worked with partners to merge the boards which provide the strategic direction for the Criminal Justice System in South Wales, making things more efficient. The Commissioner has also established a scrutiny panel to enable Criminal Justice partners, including magistrates’ representatives, to assess whether out of court disposal orders are being used correctly and effectively.

Delivering a more representative workforce

We’ve changed the way we do things to make sure that our future workforce will be more representative of the communities we serve. We provide support for people from BME backgrounds who are interested in a career with us including events to promote the range of roles within the police service to young people from different backgrounds who may not otherwise have an opportunity to learn about the police. We will actively champion women in the workplace.

Working to reduce violent crime

Public Health Wales and other partners worked with us to improve information sharing to target resources where they’re needed most. We’ve delivered the Swansea Help Point and the Know the Score: #DrinkLessEnjoyMore campaign to make our city centres even safer at night. We take a zero-tolerance approach to sexual predators and we’re training door staff and others to spot perpetrators and those at risk from them.

Supporting young people

Our Police Youth Volunteer Programme is being rolled out to young people in Communities First areas of South Wales. We’ve extended the pilot of the custody triage scheme in Cardiff to support 18 to 25 year olds and to divert young people away from the Criminal Justice System. We have funded schemes which support a reduction in offending behaviour by young people by offering alternatives to crime.

Tackling anti-social behaviour

Victims can now have a say in the types of punishment their perpetrators face - we’ve asked people what remedies they think should be available and we’re using the principles behind restorative approaches. Victims can easily instigate a review of their case via the Community Trigger if they are unhappy with the response they’ve had. We’ve worked with local authorities and social housing providers to make sure the process is easy to use and consistent across the force.

THE JOURNEY OF SOUTH WALES POLICE

SOUTH WALES POLICE

In 1969 five constabularies merged to form South Wales Police. Over many challenges facing policing and crime reduction, one of the most defining factors in the force’s history is the role played by unswerving commitment to providing effective policing for our communities.

South Wales Police is one of ten forces in the UK consistently topping the list for victim satisfaction – top of the list for the first time in 2017.

The force has had a significant role in major events such as the 2010 NATO summit in Cardiff and the 2012 Olympic Games.

The South Wales Police Estate is fit for purpose and modern multi-agency hubs have been developed to improve collaborative working.

THE JOURNEY OF SOUTH WALES POLICE

THE JOURNEY OF SOUTH WALES POLICE
The Police and Crime Commissioner holds the legal responsibility to set the policing priorities for South Wales through the Police & Crime Reduction Plan. In South Wales, this is done in partnership with the Chief Constable, based on shared values and principles and in consultation with the public and partners.

In South Wales we will:

- **Reduce and Prevent Crime and Anti-social Behaviour to keep people safe in their homes and communities**
- **Work to protect the most vulnerable in our communities**
- **Make sure that the local Criminal Justice System works effectively and efficiently, meeting the needs of victims and challenging offenders**
- **Improve the way we connect with, involve and inform our communities**
- **Spend your money wisely to protect policing in your community**
- **Make our contribution to the strategic policing requirement and successfully police major events**

commissioner@south-wales.pnn.police.uk
southwalescommissioner.wales
Crime and anti-social behaviour in South Wales are at some of the lowest ever recorded levels yet demand for police services remains high at a time when we are faced with austerity and cutbacks. Constant innovation is needed to sustain public services and keep South Wales safe.

Early intervention combined with prompt, positive action will be our focus as we strive to protect the most vulnerable.

The police are often the first agency to be in contact with children or families in need of help. We want to be part of the solution that prevents problems reaching the point where people need the emergency services.

Early intervention helps prevent problems before they escalate, stops people from becoming victims, diverts people away from crime and reduces demand on the police and our partners. It means swiftly identifying issues and working with partners to find sustainable solutions, for example the Multi-Agency Safeguarding Hubs which are being rolled out across South Wales or our Police Youth Volunteer scheme.

Our approach will be based around ‘what works’ using initiatives which have a track record of success. We will also develop and evaluate new approaches that are fit for our communities. We can only do this by working closely with partners and by giving our police officers and staff the skills they need to adapt and to be part of the solution.

THE PRIORITIES FOR POLICING SOUTH WALES SET OUT HOW EARLY INTERVENTION AND PROMPT, POSITIVE ACTION WILL HELP TO MAKE ALL OUR COMMUNITIES SAFER.

### THE SOUTH WALES POLICE MODEL OF EARLY INTERVENTION: PROMPT AND POSITIVE ACTION

**SERVING OUR PUBLIC**

#### STRATEGY & PARTNERSHIP

- Chief Constable and Police & Crime Commissioner
- Galvanised partnership working
- Consideration of strategies and their impact

#### CONDITIONS & CONTEXT

- Chief Superintendents (Commanders)
- Public Service Board & Local Service Board involvement
- Capacity building within partnerships; ‘shrinking together’ in light of financial challenges

#### DELIVERY

- Police Officers and Staff
- Multi-Agency Safeguarding Hubs (MASH)
- Trained to support delivery and empowerment
WE WILL REDUCE AND PREVENT CRIME AND ANTI-SOCIAL BEHAVIOUR TO KEEP PEOPLE SAFE IN THEIR HOMES AND COMMUNITIES

Reducing crime is our main purpose. We will be tough on crime and the causes of crime, identifying the underlying issues and tackling them through early intervention and prompt, positive action based on evidence, partnership and evaluation of “what works”.

How we will do it:

Local Policing
- Ensure Community Support Officers are fully engaged in local communities, and have the skills to empower people to find local solutions
- Link Police Officers working in schools, youth offending teams and local police teams
- Lead action on Anti-Social Behaviour with partners in local government and social housing providers
- Work with young people to expand our South Wales Police Youth Volunteers scheme
- Recruit more Special Constables from within all our communities

Working within communities
- Help local communities take an active role to solve local problems working with Neighbourhood Watch, Movement for Change and Citizens UK
- Implementation of the Well-being of Future Generations Act (Wales) 2015 as early adopters with full active membership of Public Service Boards
- Work with partners to embed the Clean Neighbourhoods Act
- Promote the effectiveness of local Community Safety Partnerships

Tackling Violent Crime
- Develop a more effective approach to licensing and the night-time economy
- Work to reduce violent crime through multi-agency data sharing and analysis and work with Public Health Wales to promote early intervention and prevention initiatives
- Continue to develop initiatives – such as our Swansea HelpPoint – to protect the public and reduce pressure from the night-time economy on public services
PRIORITY 2

WE WILL IMPROVE THE WAY IN WHICH WE CONNECT WITH, INVOLVE AND INFORM OUR COMMUNITIES

Research tells us communities need more information about the work of South Wales Police and how to access services. We will build on the success of the new Public Service Centre and the re-launch of 101 to ensure the public can contact us confidently, receiving a prompt, positive response so they experience services that are amongst the best in England & Wales.

How we will do it:

**Involve**
- Make our service more reflective of our communities, especially BME communities who are currently seriously under-represented
- Improve recruitment, retention and progression of women in South Wales Police
- Apply the United Nations Convention on the Rights of the Child
- Understand the methods of communication that are the most effective for our communities

**Inform**
- Pursue a strategy that demonstrates our commitment to good communication, internally and externally
- Help members of the public to make contact with the appropriate service on issues other than policing

**Connect**
- Introduce online reporting for crime and anti-social behaviour
- Create an online portal for victims to track the investigation of their crime
- Develop the accessibility of our Public Service Centre
- Work locally and nationally to make 101 more accessible to those with diverse needs
- Use Social Media and other mechanisms to engage better with our public
PRIORITY 3

WE WILL WORK TO PROTECT THE MOST VULNERABLE IN OUR COMMUNITIES

We will develop our understanding of the issues faced by our communities to provide the support they need, using the principles of early intervention and co-operation with partners to identify and help those who need it most.

How we will do it:

Delivery of the Tackling Violence Against Women and Girls Action Plan
- Move to a more sustainable funding model for domestic abuse and sexual violence services based on needs
- Improve our support for victims of Honour Based Violence and Female Genital Mutilation
- Roll out Multi Agency Safeguarding Hubs (MASH) across South Wales
- Promote the IRIS (Identification and Referral to Improve Safety) programme and health-based Independent Domestic Violence Advisors to enable earlier identification of victims
- Roll out the vulnerability awareness training to all Police Officers and partners in the night-time economy
- Develop a new programme with South Wales universities to identify and support students who may be victims of domestic abuse and sexual violence

Child Sexual Exploitation & Abuse
- Implement the recommendations of the Child Sexual Exploitation Review
- Introduce Children’s Advocates to work with victims and improve identification of children at risk, working with partner agencies to deliver effective support

Vulnerable People
- Use the internal Hate Crime review findings to ensure victims get the most appropriate service and are satisfied with the response they receive
- Encourage victims of hate crime to report incidents so that they can receive appropriate support
- Work with partners including Get Safe Online and the Older People’s Commissioner to protect people from the growing issue of scams and fraudulent behaviour

Mental Health & Disability
- Work with partners to improve support and communication between the police and those with mental health needs or learning difficulties through the roll-out of the Keep Safe Cymru card
- Support the introduction of non-custodial places of safety for individuals who might otherwise be detained under Section 136 of the Mental Health Act
PRIORITY 4

WE WILL SPEND YOUR MONEY WISELY TO PROTECT POLICING IN YOUR COMMUNITY

We face severe cuts in the Police Grant from Central Government. That makes difficult decisions inevitable, but even in these tough times we have made a commitment to protect Neighbourhood Policing in South Wales and work effectively with partners to make our communities safe.

Resources will be locally based and strategically placed with effective and efficient services that are focussed on need.

How we will do it:

People
• Develop a people strategy that puts the right people in the right place
• Protect the necessary number of police officers as far as we can whilst making savings
• Seek a sustainable model for policing in South Wales taking account of pressures

Estates
• Spend less on buildings whilst we ensure that we have a fit for purpose estate
• Collaborate with others building on the success of the Joint Fleet Workshop with Bridgend County Borough Council
• Promote the introduction of a joint Public Service Centre with Fire and Health
• Collaborate on procurement and back office costs with other forces and public sector partners

Equipment
• Make more effective use of technology via Programme Fusion particularly through mobile data, iR3 and body worn cameras
PRIORITY 5

WE WILL MAKE SURE THAT THE LOCAL CRIMINAL JUSTICE SYSTEM WORKS EFFECTIVELY AND EFFICIENTLY, MEETING THE NEEDS OF VICTIMS AND CHALLENGING OFFENDERS

The Criminal Justice System needs to have a clear emphasis on reducing crime with a focus on preventing offending and reoffending while reducing harm and risk to the public.

How we will do it:

Victims

- Reform and develop victim support services focusing multi-agency support on those in most need
- Improve outcomes for victims and ensure their voice is heard through increased use of restorative approaches

Offenders

- Increase the number of offenders diverted from crime and the Criminal Justice System through initiatives such as the Women’s Pathfinder and 18-25 programmes
- Develop pathways for people with Mental Health issues so they get the support they need, rather than inappropriately ending up in the Criminal Justice System
- Develop and expand opportunities to intervene early to reduce offending and improve life opportunities for the 18-25 age group
- Implement the WISDOM model to improve our response to the needs and management of our most dangerous offenders, ensuring victim safety is at the heart of our response
- Implement the findings of the national trial of the Safe Lives “DRIVE” project aimed at early intervention in the management of domestic violence perpetrators

Partners

- Work with the National Offender Management Service in Wales (Prisons, Probation and Contracted Services) to develop a common understanding of priorities, and a coherent end-to-end integrated offender management approach across South Wales
- Work with partners to realise the benefits of the Transforming Summary Justice programme
- Refresh and deliver a jointly-commissioned substance misuse service focussed on preventing reoffending
- Develop a partnership approach to support for people placing most demand on local services
- Develop a better understanding of the impacts of the changing diversity within our communities, with particular focus on the growing foreign national communities within South Wales
PRIORITY 6

WE WILL MAKE OUR CONTRIBUTION TO THE STRATEGIC POLICING REQUIREMENT AND SUCCESSFULLY POLICE MAJOR EVENTS

South Wales Police is a key strategic force in the support of major events outside of its boundaries, making a significant contribution to the 2014 NATO conference, the 2012 Olympics and policing the 2011 London riots.

The annual Strategic Policing Requirement is an important element of policing approach across England & Wales, identifying key national threats that must be addressed and the capabilities required to counter them. Whilst public concern around these issues may depend on high-profile incidents and media coverage, their policing demands constant focus on:

- Terrorism
- Serious and organised crime
- Cyber security incidents
- Civil Emergencies
- Public Order and Public Safety
- Child Sexual Exploitation & Abuse

Contributing to these challenges is a priority and we acknowledge the importance of ensuring that Wales is well served through collaborative arrangements.

How we will do it:

- Tackle radicalisation in our communities by building trust to promote an environment where people have the confidence to report extremist behaviour
- Work collaboratively with other forces and partners to identify efficient ways of responding to major incidents or events and keep people safe
- Identify, understand and tackle emerging threats such as online crime and work with partners to raise awareness
- Work with partners to identify and disrupt people trafficking, Child Sexual Exploitation and abuse
- Ensure that local Serious and Organised Crime Boards respond to local issues
- Work with partners, such as the National Offender Management Service in Wales to develop more effective offender management approaches to organised crime offenders

South Wales currently has the lowest precept charge for policing in Wales.

Our strategy of a small increase on the precept (less than 20p a week for many households) is vital to protecting police officer numbers.

Policing is complex and demanding by nature; its requirements are influenced by a vast number of factors from the state of the economy through to the latest technological trends, yet forces are expected to adapt and respond effectively to these challenges.

Her Majesty’s Inspectorate of Constabulary (HMIC) regularly undertakes inspections to ensure the police deliver the service expected of them. This process has highlighted the following areas for improvement:

**EFFECTIVENESS**
- Domestic Abuse
- Cyber incidents
- Organisational learning

**EFFICIENCY**
- Further Collaborative opportunities with partners

**LEGITIMACY**
- Code of Ethics
- Vetting of staff

**CHILD SEXUAL EXPLOITATION & ABUSE, MENTAL HEALTH, VALUE FOR MONEY, INFORMATION MANAGEMENT & DEMAND**

The Home Secretary also specifies threats that forces must be equipped to deal with:

**TERRORISM**

**CIVIL EMERGENCIES**

**ORGANISED CRIME**

**THREATS TO PUBLIC ORDER**

**CYBER INCIDENTS**

This information quickly illustrates the demands placed on us as a service but this must be viewed in the context of our own performance and journey as seen in the graph below:

South Wales has never been a safer place to live, work or visit with the service provided to victims amongst the best in England & Wales.
Effective early intervention and prompt, positive action to reduce crime means working in partnership with other public sector bodies. There are clear areas of overlap and shared outcomes. Understanding the core focus of partners ensures these are reflected through our own priorities, making us all more effective and efficient in achieving our goals.

OUR PARTNERS’ BIGGEST CONCERNS ARE:

- Protecting vulnerable people
- Domestic abuse
- Violent crime
- Child sexual exploitation
- Terrorism
- Acquisitive crime
- Road safety
- Substance misuse
- Supporting young people
- Mental health
- Anti-social behaviour
- Reduce re-offending
- Public perception

MAKING OUR POLICING MORE EFFECTIVE

AN INFORMED COMMUNITY WILL HAVE MORE CONFIDENCE IN THEIR POLICE FORCE AND ARE MORE LIKELY TO REPORT INCIDENTS.
Police and Crime Commissioners were introduced by the 2011 Police Reform Act, significantly changing the governance of policing and the relationship with partner agencies.

The overall responsibility of the Commissioner is to maintain an effective and efficient police service. That means reducing offending and working together on agreed priorities as well as holding the Chief Constable to account. This all comes together in the Commissioner’s Strategic Board.

The South Wales Police and Crime Panel holds the Commissioner to account for delivery of the priorities within this plan.
